## **COVID-19 RISK MANAGEMENT CENTER**

---

***This page is being updated on an ongoing basis.***

We understand that businesses across every industry are concerned about the risks associated with, and impact of, the coronavirus disease 2019 (COVID-19). As developments regarding COVID-19's effect unfold, business leaders are facing unprecedented challenges as it relates to their day-to-day operations, employee safety and health, and insurance programs. As a company centered around risk management strategies, we are with our clients every step of the way, offering recommendations for continuing business operations, safeguarding employees and necessary actions to reduce legal exposure.

We are proud to serve as your strategic partner for all risk management decisions, even beyond topics that are solely insurance-related. Therefore, you'll see we've compiled a resource library that includes content we've developed and insights from our long-term partners, representing the best and brightest in their respective fields. We will continue to focus on frequently updating our **COVID-19 Risk Management Center**, in an effort to provide you with the latest resources that are vital to your business.

Please also visit our [Employee Benefits Resources](#) page for guidance related to the impact of COVID-19 on your Employee Benefits program.

In addition, many states have issued directives and guidance relating to COVID-19 which are summarized in the [State Regulatory Activity](#) library via The Council of Insurance Agents & Brokers (CIAB). Workers' Compensation-related legislative updates regarding the compensability of COVID-19 infection and other changes are

also being monitored by the [National Council on Compensation Insurance \(NCCI\)](#) in their weekly Regulatory and Legislative Summary.

Finally, we encourage our clients to stay up to date on all developments concerning COVID-19 using the [Centers for Disease Control and Prevention \(CDC\) website](#) as a key resource.
